

EcoTestr pH2+ Pocket Meter

Brand: Oakton
Product Code: 147-16-6
Availability: Call for availability
Lead Time: 14

Description

These reliable and economical pocket sized instruments feature a longer life, lower drift, and a better value over many pocket-sized meters. Recent advances in reference electrolyte gel, superior reference wire technology and clog resistant junctions, put these meters at the high end of pH analysis. The custom thermoplastic housing is waterproof and the instrument will even float if dropped into water.

Specifications:

- Range: 0 - 14 pH
- Resolution: 0.1 pH
- Accuracy: ± 0.1 pH
- Housing: Water / Dust Proof
- Calibration: Up to 3 Point
- Operating Temperature: 0° - 50°C (32° - 122°F)
- Battery Life: A76 1.5 V Miniature Alkaline Batteries, Included (4)
